ONE MODEL, TWO CONFIGURATIONS

SERVICED

- Serviced: standard grid
- Enable mobile coffee spout for single and double dose extraction
- 8 standard and 3 extra possible recipes

SELF SERVICE

- Self-service version grid
- Disable mobile coffee spout
- Single shot extraction
- 8 standard and 3 extra possible recipes

LAVAZZA

**TORINO,
ITALIA, 1895.**

Serviced configuration

Recipes

ONE TOUCH		DOUBLE TOUCH
espresso	>	long espresso
double espresso	>	long double espresso
caffè crema		
hot water		

COFFEE

For coffee selections, the mobile spout has to be fixed to the underlying double dispenser component. This mechanism makes it possible to prepare the perfect single or double dose Lavazza coffee thanks to the right height between cups placed at the rear side of the grid and the brewing unit.

MILK AND HOT BEVERAGES

For MBB selections, the coffee spout remains fixed at its starting position. The milk spout is ready to be connected to the Venturi system.

Recipes

ONE TOUCH		DOUBLE TOUCH
cappuccino	>	long cappuccino
caffè macchiato		
latte macchiato		
Hot LB beverages
